

Division of Health & Community Services Priorities for 2017

- 1) To foster stable, safe, nurturing, and culturally-rooted home environments that promote optimum health.**
- 2) To provide a continuum of services, including prevention, intervention, and postvention, that address the root causes and myriad effects of addictions across the lifespan.**
- 3) Improve outreach, advertisement, community interaction, and program visibility, in order to increase awareness of and participation in DHCS programming.**
- 4) To help the community obtain and sustain physical wellness and integrate healthy lifestyle practices into every aspect of their lives, on an individual, community, and/or organizational level.**
- 5) Recruit more Elders to participate in the congregate setting by increasing activity, outreach, and support to our Elder population.**
- 6) (A) To help community members overcome physical and/or behavioral health related barriers to meaningful and gainful employment; (B) To recruit and assist in the development of community members to become health care providers.**
- 7) To network and build relationships with Tribal and non-Tribal resources to improve access to health-related programs, information, education, and services.**
- 8) To develop the physical infrastructure necessary to address unmet needs of current DHCS programming.**
- 9) To promote the awareness of the prevalence, causes, symptoms, prevention options, and effects of Chronic Diseases in the Taos Pueblo Community, and provide support to those affected by disease.**
- 10) Increase third party revenue by being reimbursed for all allowable current services, and adding new reimbursable services.**
